

# Proof Reading Services

## Making your IP documents error free

Proof reading of your valuable IP documents e.g. Complete Specifications, especially, Claims are very important for filing a patent application and also for effective enforcement of issued patents.

Correct data of your legal documents is very important for your businesses. If you try to pay the renewal fee based on an incorrect due date, you may lose the patent. Hence all of your documents related to patent should be correct which enables you to avoid unnecessary delay in patent office procedures and enforcement of your valuable patents.

### **Proof Reading Services:**

We identify and correct typographical/clerical errors of patent documents issued by various patent offices. We find out clerical errors made by the USPTO on your legal documents, if any, and also take care of the mistakes made by the applicants, which are often overlooked by the patent offices. We offer our proof reading services for an effective enforcement of your valuable patents and all other IP documents.

**Associated services:** As and when clerical errors are found in an issued patent, we take needful steps at the USPTO in order to correct the error and ensure *Certificate of Correction* for you. When clerical errors are found in the claims set, we offer filing Re-examination of issued patent in the USPTO, if necessary.

We also take necessary actions on behalf of you, to resolve the above issues at the Indian Patent Office.
